About Me

I'm Daniel Marquez Rubio, a passionate Game Developer with a strong interest in AI and Multiplayer systems. Whether it's gameplay, tools, or backend logic— I love tackling any challenge that helps bring a game to life.

DANIEL MARQUEZ RUBIO

Game Developer & IT Support

Education

Game Development
Grafisch Lyceum Utrecht - 2021-Present

I gained hands-on experience with the entire game development pipeline, including gameplay programming, design, and collaboration.

IT Support
ROC Ter AA Helmond - 2019 – 2021

During my training as an ICT Support Specialist, I learned how to assist users with technical issues, manage networks, and install systems.

Expertise

Gameplay Programming
Building core mechanics, interaction systems, player controls.

AI Programming
Implementing state machines, behavior trees, pathfinding (A*, navmesh).

MULTIPLAYER & NETWORKING
Experience with client-server architecture, replication, sync systems.

VERSION CONTROL
Strong experience with Git, GitHub, GitLab, Perforce, Diversion and Azure DevOps.

IT SUPPORT & TROUBLESHOOTING
Hardware/software support, Windows environments, networking issues.

Work Experience

February 2025 – July 2025

Metaverse Solutions B.V.
Game Developer • Intern
- Contributed to the development team by resolving bugs and developing new features within the simulation environment.

September 2020 – January 2024

Dorel Juvenile Helmond

IT Service desk • 1st Level Support Employee • Holiday Worker
- Provided technical support for hardware, software, and network issues; handled tickets via the service desk; assisted employees on-site and remotely across departments.

IT Service desk • 1st Level Support Intern • Internship 5 Months
- Learned how to support colleagues across the company by diagnosing and resolving technical issues, both remotely and on-site.

October 2022 – February 2024

Gamestate Eindhoven

Arcade Floor Assistant • Host
- Supported customers with games and tokens, maintained arcade machines, restocked prizes, and ensured a fun and safe environment.

July 2021 – March 2022

C & A Helmond

Sales Assistant • Cashier Assistant
- Operated the cash register, assisted customers on the floor, restocked clothing displays, and maintained a tidy store environment.

November 2019 – December 2021

Karwei Helmond

Sales Assistant • Floor Employee
- Cut wood to size, mixed paint, restocked shelves, and advised customers on tools and DIY products.
